EDUCATION

- Bachelor of Science in Digital Arts and Sciences in the college of Engineering
- University of Florida, Gainesville FL
- UF Honors Program
- **GPA:** 3.21
- **Expected Graduation Date:** May 2019

RELEVANT COURSEWORK

- Intro to Software Engineering, Programming Fundamentals 1 & 11, Elementary Differential Equations, Applied Discrete Structures, Data Structures and Algorithms, Intro to Computer Organization

RELEVANT WORK EXPERIENCE

- **Web Development Intern**, Immersed Games, Gainesville, FL — **May 2017 - September 2017**
    - Completed full stack tasks   - Specialized in front-end development
    - Worked within an AgileScrum environment
    - Worked with Ruby on Rails and utilized CSS, HTML, Ruby, and various other languages

PROJECTS

- **Team Leader,** Sprout (Arcade Game made on Processing using Java) — **April 2016 - May 2016**
    - Coded gameplay and created game structure
    - Delegated work to other team members
- **Team Member,** Web Development for the UF Machine Intelligence Lab — **August 2017 - December 2017**
    - Collaborated within a team to create a new website for a client
    - Wrote majority of all CSS and HTML as well as some back-end development
    - Worked within an AgileScrum environment using the MEAN stack

LEADERSHIP EXPERIENCE

- **Code Instructor,** TYPE UF — **September 2017 - Present**
    University of Florida
    - Taught high school students the fundamentals of coding
- **Mentor**, Girls Who Code — **August 2016 - December 2016**
    University of Florida
    - Taught junior high and high school students the fundamentals of coding
- **President/Pianist/Music Director**, The Original Cast — **May 2016 - April 2017**
    University of Florida
    - Managed and facilitated communication between the board and the club

INVOLVEMENT

- **Member,** Software Engineering Club — **September 2017 - Present**
    University of Florida
    - Learned valuable programming skills in a club setting
- **Member**, Association for Computing Machinery — **September 2017 - Present**
    University of Florida
    - Connected with other computer science students
- **Member**, Society of Women Engineers — **Fall 2015**
    University of Florida
    - Fostered a community between women in the engineering field

SKILLS

- **Computer**: Ruby, Ruby on Rails, Java, Javascript, C++, HTML, CSS, Maya, Command Line, Processing, Proficient in Microsoft Office software (Word, Excel, PowerPoint, etc.)
- **Etc**: Classically Trained Pianist, Proficient Public Speaker, Woodworking Experience
